Die FST Industrie GmbH
Fertigungs-, Service- und Technologiegesellschaft für die Industrie mbH

Efficient constructions, high-quality products, reliable solutions

Sophisticated technologies call for highly specialized industrial services. FST Industrie GmbH is a specialist provider for the project planning, construction and manufacture of intricate systems, e.g. re-cooling units and inverter systems.

30 years of experience in the fields of energy and industry

Three decades of manufacturing services for our discerning customers (such as Siemens AG, for example) do not go by without making their mark on an industrial services company: FST Industrie GmbH represents top quality and competence. National and international plant manufacturing projects realized together with our customers make us a reliable partner with a high degree of flexibility.

Practice-oriented solutions to meet a wide range of requirements

The portfolio of FST Industrie GmbH also includes the manufacture of devices and components where the requirements regarding quality and testing are strict, e.g. for power transmission, power distribution, power generation and large-scale drive systems, as well as the manufacture of a very wide range of special products for the processing industry, mining, rail engineering and process engineering.

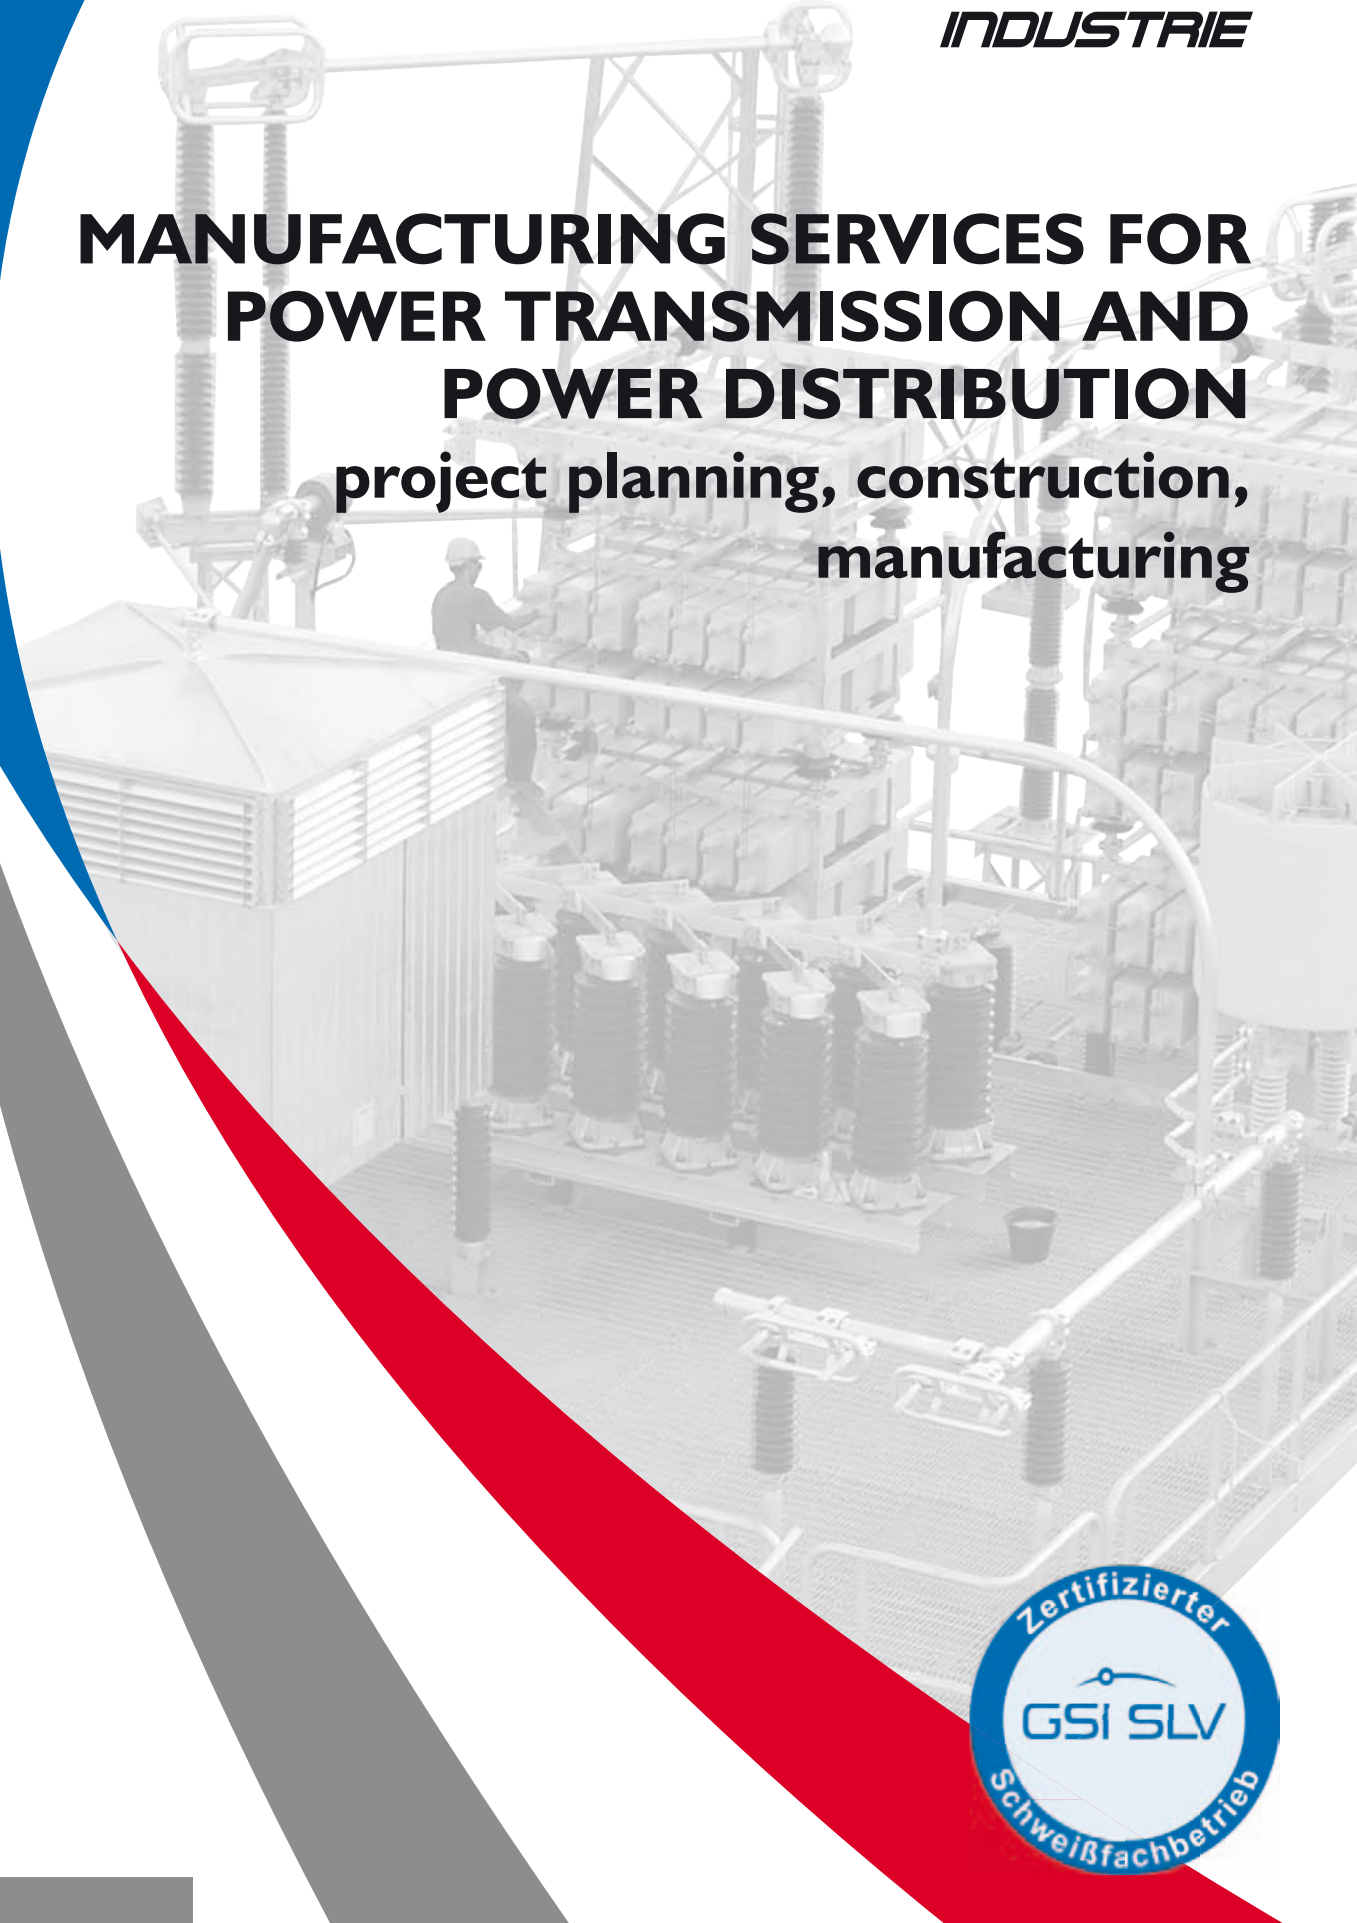

Complete solutions for industrial customers in Germany and abroad

Power generation
Power distribution
Mechanical engineering and plant manufacturing
Chemical industry
Transport technology
Power transmission
Large-scale drive system manufacturers
Petrochemistry
Mining
And many more

TECHNOLOGY IS OUR PASSION

FST
INDUSTRIE

MANUFACTURING SERVICES FOR POWER TRANSMISSION AND POWER DISTRIBUTION project planning, construction, manufacturing

PROJECT PLANNING, CONSTRUCTION AND MANUFACTURING, WELDING TECHNOLOGIES,
NON-DESTRUCTIVE TESTING, WORLDWIDE COMMISSIONING, PLANT MANUFACTURING,
DEVICES AND COMPONENTS FOR HIGH-VOLTAGE TECHNOLOGY, EQUIPMENT

Manufacturing · Service · Technology

TECHNOLOGY IS OUR PASSION

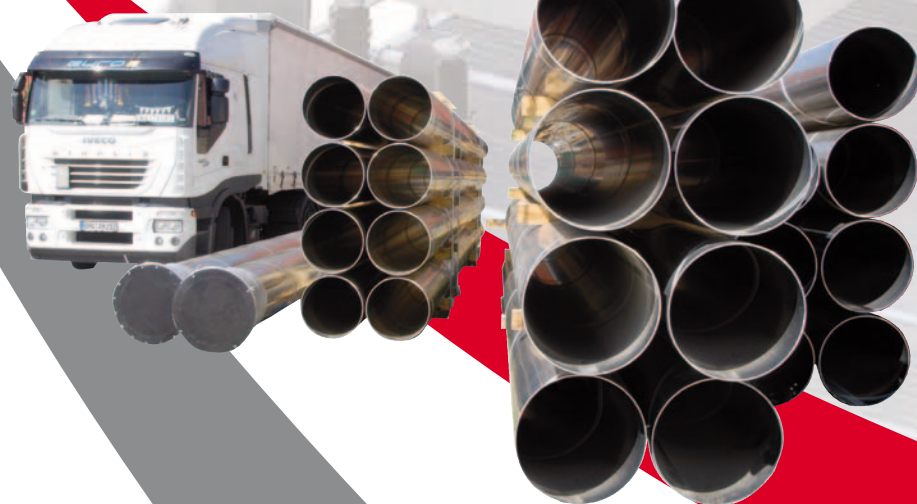

FST
INDUSTRIE

Manufacturing services for power transmission
and power distribution

Project planning, construction, manufacturing

FST Industrie GmbH manufactures devices and components according to your specifications, with strict requirements regarding quality and testing. Whether it be individual or combined processing, with standard or special materials, in small or large-scale production – we provide you with quick and complete solutions. Our strength lies in the application of sophisticated manufacturing technologies, such as a spectrum of different welding processes, for instance.

For more than 25 years, we have been welding a very wide range of materials made from high-alloy metals. These include ordinary steel and stainless steel, as well as cast aluminum alloys and forgeable alloys that place very high demands on the joining quality.
